Angelica Liqueur

1 teaspoon dried marjoram
2 green cardamoms
7 1/16 teaspoons ground allspice
1/16 teaspoon ground star anise
1/16 teaspoon ground cinnamon
1/16 teaspoon ground coriander
1/2 apricot kernel
2 fl oz. vodka
1/2 cup sugar syrup (recipe follows)
1 cup vodka
2 tablespoons fresh or dried angelica root
2 fl oz. vodka

In a mortar grind the cardamom seeds and half an apricot seed. Mix with other spices (except angelica root) and place in a tight glass jar or bottle and add 2 fl oz. vodka. After one week filter through a coffee filter. Combine with sugar syrup and 1 cup vodka.

In a separate small glass jar combine the angelica root with 2 fl oz. vodka. After two weeks filter through a coffee filter.

Add small portions of the angelica root extract to the liqueur until you get a suitable flavour. Check the flavor after 2 months. If necessary, add some more sugar syrup, vodka, or angelica extract.

Sugar syrup:

For herbal liqueurs it is best to use a sugar syrup which is made as follows: In a saucepan combine 1 pound sugar, 1 cup water and 1/4 teaspoon citric acid. Heat the mixture and stir until the sugar is dissolved. Allow to simmer on reduced heat for 15 minutes.

A&W Onion Rings

1 cup McCormick Golden Dipt Tempura batter mix
1/4 teaspoon onion powder
1/8 teaspoon ground black pepper
1/2 cup water
1/4 cup beer

1 extra large white onion, sliced 3/8" thick
6 cups vegetable oil in your deep fryer

Preheat the deep fryer to 375F

Combine the tempura mix with the spices and liquid to make a batter using a fork. There will be some small lumps; don't worry about those.

Slice the onion, and separate all of the rings.

Dip the individual rings in the batter, and drop into the preheated oil. Deep fry 3–5 minutes until golden brown. Remove to a paper towel lined plate, salt lightly, and serve hot.

Black Eyed Pea Cornbread

- 1 cup canned black-eyed peas, drained
- 1 cup onion, chopped
- 3/4 cup cream-style corn
- 1 cup cornmeal
- 1/2 cup flour
- 1 cup buttermilk
- 1/4 cup cooking oil
- 2 eggs, slightly beaten
- 1 tsp. Salt
- 1/2 tsp. Baking soda
- 2 jalapeno peppers, chopped
- 1 cup Cheddar cheese, grated

Brown meat and drain well. Break into small pieces. Add other ingredients in order given. Mix well.

Place in 13-by-9-by-2 inch pan that has been well greased. Cook at 350 degrees for 45 minutes, or until done.

Boston Baked Beans

2 pounds dry beans, California pea beans preferred
or York State beans
1 teaspoon baking soda
1 pound salt pork
1 medium-size onion
8 tablespoons sugar
2/3 cup molasses
2 teaspoons dry mustard
4 teaspoons salt
1/2 teaspoon pepper

Soak beans overnight. In morning, parboil them for ten minutes with a teaspoon of baking soda. Then run cold water through the beans in a colander or strainer. Dice rind of salt port in one half inch squares. Put half on bottom of bean pot with the whole peeled onion. Add beans, and then the rest of the pork on top. Mix other ingredients with hot water. Pour over beans. Put in 300F oven for six hours.

You can't let the pot just set in the oven. You've got to add water as necessary to keep the beans moist. And you can't be impatient and add too much water at a time and flood the beans.

Cake Donuts

1-1/2 cups sugar
3 Tblsp. melted shortening
3 large eggs
1 cup milk
1 tsp. vanilla extract
5 tsp. baking powder
1 tsp. salt
2 tsp. nutmeg
2 cups mashed potatoes, cooled
3 to 3-1/2 cups flour

Beat eggs; add sugar, shortening and vanilla. Add mashed potatoes and milk and beat with electric mixer until smooth. Add flour, baking powder, salt and nutmeg. Stir in additional flour to reach batter consistency (this is "by look and feel"— It should still be somewhat sticky...it will pick up more flour when you roll out the dough on a floured surface). Chill the dough for several hours or overnight.

Take a portion of the dough and rough out to about 3/8 to 1/2 inch thickness, using flour as needed to prevent your rolling pin picking up dough. Use a donut cutter and cut out your donuts. Preheat oil in deep fryer to 375F (use a thermometer if you're using a fry daddy!). Fry 3-4 donuts at a time -- turning when they are a nice golden brown. Drain on brown paper bags to remove excess grease.

Cheese Danish

- 16 ozs. cream cheese, softened
- 1 1/2 teaspoons vanilla
- 1 egg, beaten
- 1/2 cup sugar
- 1/2 cup raspberry or apricot jam
- 2 packages of refrigerated crescent roll dough
- 4 ozs. sliced almonds

Preheat oven to 350F. Mix cream cheese, vanilla, and sugar in a bowl. Unroll 1 can crescent roll dough on a cookie sheet, sealing perforations. Spread cream cheese filling on dough, leaving 1/4 inch edges. Top with jam. Unroll second can of dough and lay on top of first layer. Seal edges with edge of fork. Brush with beaten egg. Sprinkle with sliced almonds. Bake for 30 minutes. Allow to cool slightly before cutting.

Cheez–Whiz

1 lb. cheddar cheese
2 cups evaporated milk
1 1/2 tsp salt
1 1/2 tsp. dry mustard
2 beaten eggs

Cut cheese into small pieces and melt in double boiler. When melted, add evaporated milk, salt and mustard. Remove from heat and stir in eggs. Return to double boiler and stir and cook until eggs thicken slightly. Remove from heat. Pour into a dish and cool slowly. Stir as it cools to prevent a crust from forming. (Might just be able to cover with plastic wrap, too.) Put in jars, cover and store in refrigerator. Keeps several weeks.

- 1 peck tomatoes
- 6 medium onions
- 3 green sweet peppers
- 2 cups vinegar
- 2 tablespoons salt
- 2 teaspoons cinnamon
- 1 teaspoon celery salt

Chocolate Lasagna

Pasta:

- 1–3/4 cups flour
- 2 tablespoons unsweetened cocoa powder
- a pinch of salt
- 2 extra large eggs
- 2 teaspoons vegetable oil

Filling:

- 4 cups Whole Milk Ricotta Cheese
- 2 cups heavy cream
- 6 tablespoons sugar
- 1 tablespoons orange zest
- 2 tablespoons Grand Marnier
- a pinch of salt

12 ounces bittersweet chocolate, chopped

Combine the flour, cocoa, and salt in a bowl and make a well in the center. Add the eggs and oil in the center of the well and mix with a fork to form the dough. Knead the dough for 15 minutes until it is smooth and shiny, adding more flour if necessary to keep the dough from sticking. Wrap in plastic wrap and let rest for half an hour. Roll the pasta out by hand or with a machine and cut into eight 4–1/2 x 11–inch strips. Cook two strips at a time in boiling salted water. Cook just 20 seconds after the water returns to a boil. Plunge the noodles into cold water to stop the cooking. When cooled, place on towels in a single layer to drain.

Combine all filling ingredients and mix until smooth.

To assemble: Preheat oven to 425F with the rack in the upper third of the oven. Generously butter an 8"x11"x2" pan. Alternate layers of noodles, cheese filling, and chocolate, ending with a cheese layer. Bake for 20–25 minutes until the top is lightly colored. Let the lasagna stand for 10 minutes to solidify, then serve warm.

Chocolate Fried Pies

1/2 cup sugar
1/4 cup all-purpose flour
1 tablespoon unsweetened cocoa powder
1/2 cup milk
2 tablespoons butter or margarine

For the filling, in a saucepan combine sugar, flour, and unsweetened cocoa powder. Stir in 1/2 cup milk and butter or margarine. Cook and stir over medium heat till the mixture is thickened and bubbly. Cook and stir 1 minute more. Stir in vanilla. Cool.

For the dough, in a mixing bowl stir together the biscuit mix and 1/2 cup milk. On a well-floured surface knead the dough 12 strokes. Roll the dough to slightly less than 1/8-inch thickness. Cut dough into twelve 4-inch circles. Reroll as necessary. Place about 1 tablespoon filling in the center of each circle of dough. Brush the edge of the dough with water. Fold the dough over the filling; press the edges together with tines of a fork to seal. In a skillet heat 1 inch cooking oil to 375 . Death By Chocolate Honey Almond Crunch

4 cups sliced almonds
6 ounces unsalted butter
1 1/2 cups granulated sugar
1/2 cup water
1/4 cup Myers's Dark Rum
1/4 cup honey
8 ounces semisweet chocolate, chopped into 1/4-inch pieces
4 ounces unsweetened chocolate, chopped into 1/4-inch pieces

Preheat the oven to 325F.

Toast 2 cups of almonds on a baking sheet in the preheated oven until golden brown, about 12 to 14 minutes. Remove the almonds from the oven and allow to cool to room temperature. Transfer the almonds to a large dish or other suitable container and set aside until needed.

Melt the butter in a 2 1/2 quart saucepan over low heat, stirring constantly as it melts so it does not simmer or boil. As soon as the butter is completely melted, add the sugar, water, rum, and honey. Increase the heat to medium high. Heat the mixture to a temperature of 220F, as measured on a candy thermometer, stirring constantly. Add the untoasted almonds and continue to heat and stir until the mixture reaches a temperature of 225F.

Evenly divide the honey-almond mixture between two baking sheets. Place the baking sheets on the top and middle shelves of the preheated oven and bake until the mixture is evenly caramelized, about 24 to 26 minutes. Rotate the baking sheets from top to bottom about halfway through the baking time. Remove from the oven and allow to cool for 5 minutes.

Combine the semisweet and unsweetened chocolate pieces and evenly divide and sprinkle over the surface of the caramelized honey-almond mixture. Allow to stand for 5 minutes. Use a spatula to spread the chocolate throughout the mixture. Evenly divide and sprinkle the toasted almonds over the chocolate. Place both baking sheets in the freezer for 20 minutes.

Remove the Chocolate Honey Almond Crunch from the freezer and break into irregular pieces. Store in a sealed plastic container in the freezer or refrigerator.

Der Weinerschnitzel's Chili Sauce

2 cloves garlic, minced
1/2 cup onion, minced
2 tablespoons olive oil
1 pound ground beef
1 teaspoon salt
1/2 teaspoon black pepper
1 tablespoon prepared mustard
1 tablespoon vinegar
1 teaspoon Worcestershire Sauce
1/2 teaspoon Tabasco
1/4 cup ketchup
1/2 cup tomato juice

In a large heavy skillet cook garlic and onion in oil over moderate heat, stirring, until onion is softened. Add beef and cook, stirring and breaking up any lumps with a fork, until cooked through. Drain off any excess fat. Add remaining ingredients, adding just enough juice to create a spoonably loose but not soupy mixture. Simmer sauce, stirring occasionally; about 10 minutes. Makes enough sauce to top 6 hot dogs. Steam the hot dogs and use potato rolls.

Ebingers Blackout Cake

- 4 eggs, separated
- 2 Teaspoons vanilla extract
- 2 cups all-purpose flour, + 1 Tablespoon for pans
- 1 Teaspoon baking powder
- 1 Teaspoon salt
- 1 Teaspoon baking soda

For the filling:

- 1 Tablespoon unsweetened Dutch process cocoa, + 1–3/4 teaspoons
- 2 cups boiling water
- 3/4 cup sugar, + 3–1/2 teaspoons
- 1 oz. bittersweet chocolate, chopped
- 2 Tablespoons cornstarch
- 1 Tablespoon cold water
- 1/4 Teaspoon salt
- 1 Teaspoon vanilla extract
- 2 Tablespoons unsalted butter

Frosting:

- 12 ozs. semisweet chocolate, chopped
- 3/4 cup unsalted butter
- 1/2 cup hot water
- 1 Tablespoon corn syrup
- 1 Tablespoon vanilla extract

Preheat the oven to 375 F. To make the cake, place the cocoa in a small bowl and whisk in boiling water to form a paste. Combine the chocolate and milk in a saucepan over medium heat. Stir frequently as the mixture warms and the chocolate melts, about 3 minutes. Remove from heat. Whisk a small amount of the heated chocolate milk into the cocoa paste and then whisk the cocoa paste into the milk mixture. Return to heat, stir for one minute, remove

and cool until tepid. In a small bowl of a mixer, cream the sugar and butter together. Beat in the egg yolks one at a time and add the vanilla. Slowly stir in the chocolate mixture. Combine the flour, baking powder, salt and baking soda. Using a spatula or a wooden spoon, slowly add the flour mixture to the chocolate mixture. In another bowl, whip the egg whites to form soft peaks and, using a rubber spatula, gently fold the egg whites into the batter. Butter and lightly flour two 8 inch round cake pans and divide the batter between the two pans. Bake for 45 minutes and cool on a rack for 15 minutes. Gently remove the cakes from their pans and continue to cool. While the cake is baking, make the filling. Put the cocoa into a saucepan and pour in the boiling water and place over low heat. Add the sugar and chocolate. Dissolve the cornstarch in the cold water to make a smooth paste. Whisk the cornstarch mixture into the water and chocolate, add the salt and bring it to a boil, stirring constantly. Boil for one minute. Remove the pan from the heat, whisk in the vanilla and the butter and transfer the mixture to a bowl and refrigerate until cool. Make the frosting: In a double boiler (or a pan within a pan), melt the chocolate. remove from heat and whisk in the butter, one tablespoon at a time, returning to the heat if necessary to melt the butter. Whisk in the hot water all at once and stir until smooth. Whisk in the corn syrup and the vanilla. Refrigerate for up to 15 minutes before using. Assemble the cake: Use a sharp knife to slice each cake into two disks to form 4 layers. Set one layer aside. Place one layer on a cake round or plate. Generously swath the layer with filling. Add the second layer and repeat. Add the third layer. Quickly apply a layer of frosting to the top and the sides of the cake and refrigerate for 10 minutes. Meanwhile, crumble the remaining cake layer, into fine crumbs. Apply a second layer of frosting to the cake, sprinkle liberally with crumbs and serve within 24 hours. Store in a cool place.

Hot Pepper Fudge

2 cups sugar
2 tablespoons honey
2 ounces unsweetened chocolate, broken in pieces
Pinch of salt
3/4 cup milk
1/2 teaspoon ground chipotle pepper or other chile pepper
1 teaspoon ground cinnamon
3 tablespoons unsalted butter, in pieces
1/2 teaspoon vanilla extract

In a large, heavy saucepan, combine the sugar, honey, chocolate, salt, and milk. Place over medium–high heat, stir constantly, and heat until the chocolate melts, about 3 minutes. Cover with a lid and heat until the mixture comes to a full boil, about 1 more minute.

Uncover and cook until the mixture becomes shiny and thick, about 4 minutes, stirring often. When the fudge is ready, it will register 236F to 240F on a candy thermometer. (Or a small amount of fudge dropped into a glass of cold water will form a soft, solid wad on the bottom of the glass.) Remove from the heat and stir in the chipotle pepper and cinnamon.

Place the butter on the fudge and set aside to cool. When the fudge has become tepid, about 20 minutes, add the vanilla and stir until the fudge starts to firm. While still pourable, scrape into a loaf pan and even the top. Set aside until the fudge is firm. Cut into 36 squares.

Lady Fingers

4 eggs, room temperature
1/2 cup sugar
1/2 teaspoon vanilla
3/4 cup all-purpose flour, unbleached
1/4 teaspoon salt
confectioners' sugar

Preheat the oven to 325F. Grease and dust with flour a large baking sheet or 2 smaller ones.

Beat the egg whites with an electric mixer until they hold soft peaks, then beat in 2 tablespoons of the sugar and continue beating until the whites are very smooth, shiny, and stiff.

Using the same beaters, beat the egg yolks with the mixer until light colored and doubled in size. Gradually add the rest of the sugar and continue beating until very thick and tripled in size. Beat in the vanilla.

Sift the flour and salt together, then fold it and the egg whites into the egg yolk mixture, alternating the two. Work lightly to keep the mixture as voluminous as possible.

With a large spoon or spatula, carefully transfer the batter to a pastry bag if you have one or into a heavy duty Ziploc plastic bag with a corner cut off. Spoon or pipe the batter out onto the baking sheet(s) in finger shapes about 4 inches long and 1/2 inch wide. You should have about 2 dozen. Dust lightly with confectioners' sugar.

Bake for about 20 minutes or until lightly browned around the edges. Remove from the oven and transfer the ladyfingers to a rack to cool.

Grandma's Moonshine Grape Wine

2 – 12 oz. cans frozen grape juice
3 1/2 cups of white granulated sugar
1/3 cake of yeast (Fleishmann's is best)
a large Balloon and some strong string
one Gallon Jug

First, set the grape juice out to thaw, until slushy. Next, mix the sugar thoroughly in with the grape juice. Pour the sugar and juice, into the gallon jug.

Dissolve the yeast in a cup of lukewarm water and add to the juice mixture in the gallon jug. Mix everything thoroughly. Now add just enough lukewarm water to fill the gallon jug up to about 2 inches below the neck. When this is done, place the balloon over the top of neck and secure tightly with string. Note! This must be an air tight fit... If you have followed all directions carefully, the balloon will soon start to expand with the gas, caused by the fermentation. Store the mixture in a cool (but not cold) area, 60 to 75 degrees is ideal, for a period of from 3 to 6 weeks.

Check the balloon every other day. If the balloon expands too large, untie and allow the gas to escape and then retie, but be sure to retie tightly to make it air tight again. When the balloon ceases to expand, the wine is done.

NOTICE – Do not bottle the wine before it is done. Working wine (fermenting) can explode a bottle from the gas pressure of fermentation.

Strain your wine with a cheese cloth or a tea towel and pour into a bottle, using a snap-on type of cap or use a cork. Store bottles on their sides in a cool, dark place. All that's left now to do, is ENJOY YOURSELF.
